J. H. TRIMYER A CANDIDATE FOR NEW MANUAL NOW IN HANDS OF ITEMS OF INTEREST CONCERNING OFFICE.

gates-General and Personal Matters.

Special Correspondence of The Star.

ALEXANDRIA, Va., July 8, 1905. Mr. John H. Trimyer of this city, whose andidacy for the democratic nomination for delegate to represent Alexandria city and county in the state legislature has been held somewhat in abeyance for the past few weeks, stated this morning that he had finally decided to remain in the race. He will conduct an active canvass both in the county and city from now until the date of the primary. Mr. James R. Caton of this city, the present delegate, who has been urged by many of his friends to become a candidate for re-election, has refused to oppose Mr. Trimyer. In a former contest for this office Mr. Trimyer withdrew in the interest of Mr. Caton, and strong pressure was recently brought to bear upon him by several political leaders of Alexandria to induce him to do the same thing this time. Mr. Caton, who repeat-edly declared that he did not desire the nomination, informed his friends who were urging him to become a candidate that he would not consider the proposition if Mr. Trimyer decided to remain in the field. As the matter now stands the contest lies between Mr. Trimyer and Mr. George E. Boteler of the county. The nomination will probably be decided when the state primary is held in August. The arrangements for the date and regulations of the voting will be determined by the democratic committees for the county and city, which will probably hold a joint meeting

in a short time Examination of School Teachers.

The examination of applicants for certificates allowing them to teach in the public white schools of this city will be held Tuesday and Wednesday, July 18 and 19, in the Peabody School building, on King street, beginning at 9 a.m. The examination of colored applicants will be held at the same place Thursday and Friday, July 20 and 21. Both will be conducted by Superintendent K. Kemper. Applicants for teachers' certificates in Alexandria county will be ex-amined the same dates, the white teachers Tuesday and Wednesday and the colored teachers Thursday and Friday. The examinations will be conducted in the Ballston school house by Superintendent Julian P. Baldwin between the hours of 10 a.m. and

3:30 p.m. The trustees of the electoral board of Alexandria county have appointed the fol-lowing school trustees: William H. Wise, succeeding Frank Hume, for Jefferson district; A. P. Douglas, succeeding himself, for Arlington district; Walter T. Weaver, to fill the unexpired term of George N. Saegmuller, for Washington district, and C. G Boteler, succeeding Ross Wright.

The following officers of Samarian Rebekah Lodge, No. 27, A. O. O. F., have been installed: N. G., Mrs. E. E. Padgett; V. G., Mrs. Ernest Lyles; recording secretary, Mrs. W. E. BUFFALO SAVES ASPHALT MONEY Result of Castro's Opposition to Venezuelan Trust.

Special Dispatch to The Star. BUFFALO, N. Y., July 8.-As a result of he operations of Castro in Venezuela with reference to the asphalt trust, Buffalo is getting a direct benefit in the shape of the lowest bids ever made for asphalt work. John Seibert, a well-known asphalt contractor, offers to do asphalt repair work at

74 cents a square yard. Last year the city paid \$1.23 a square involving the use of asphalt are correspond- \$1,800 to \$2,000. A \$200 annual increase is ingly low. The Barber Asphalt Company, which practically had a monopoly of asphalt work here, bid 80% cents a square yard for the repair work. It is said that the low bids are due to the fact that the Vene-zuelan government is selling asphalt in the open market and is no longer catering to the agents of the asphalt trust.

VIRGINIA MERCHANT ROBBED.

Attacked by Negroes in New York Street.

Special Dispatch to The Star. NEW YORK, July 8 .- Harvey Booker, a merchant of Hampton, Va., near Old Point Comfort, who is now a guest at the hotel Imperial, was dragged from a cab under the very shadows of the hotel by two negroes early today, who latter were assisted by the negro cabman, beat, run over by the cab wheels and then robbed.

Mr. Booker hailed the negro driver, who was talking to two other negroes, and engaged him to drive to the hotel. They had gone but a short distance when the cab was stopped and two negroes opened the door and dragged Booker to the street. He attempted to resist, but the cab driver turned his horse and ran over the Virginian. The three men then robbed him of \$30, but overooked a pocket book filled with money. The robbers then escaped. Mr. Booker re-ceived several bruises and cuts from the wheels of the cab.

ACCIDENT AT DEPOT. Trains Collide, Causing Much Damage. Much damage was caused by a collision

in the yard of the Baltimore and Potomac depot this morning. A Southern railway shifting engine backed three cars upon the wrong track, and the rear car crashed into an engine belonging to the Pennsylvania railroad. E. L. Ramey of Alexandria, Va., conductor on the Southern, had his arm slightly bruised, and was taken to the Emergency Hospital. His injury was so slight that he remained in the hospital only a few minutes. The accident, it is stated was caused by the cars failing to take the switch, and going on the tracks on 6th street instead of upon those in the yard. A similar accident occurred in the same yard a few months ago, and a small brick structure was demolished.

The engine was thrown several feet from the track and badly damaged. Two of the cars were also damaged. Iwo of the cars were also damaged. Engineer J. A. Diehl, who was in charge of the engine against which the cars were pushed, remained at his post and made an effort to save his engine as much as possible.
So much noise was made by the collision

that people were attracted there from the yard and depot. It was reported that there had been a fatality attending the accident, and a message was sent to the Emergency Hospital for an ambulance. The physicians in charge of the vehicle found that Conductor Ramey was the only person to re-ceive an injury, and took him to the hospital. The wrecking crew had the engine back upon the track in a short time, and traffic was resumed as soon as a new rareplaced the broken one.
